HIGH SCHOOL MASS MEETING

Happy Result that Quickly Followed—The Property at Fourth and Brand Boulevard Sold

The call for a mass meeting of citizens at the new High School building resulted last Monday evening in an attendance of about 75 citizens, principally voters, with a few ladies. Mr. J. C. Sherer was chosen chairman of the meeting, Mr. E. D. Goode, clerk of the board of trustees, acting as secretary. But little time was lost in getting down to business. The clerk read the call for the meeting and after a few informal remarks, principally in the form of questions, Mr. Geo. T. Holman presented a resolution instructing the trustees to immediately sell the property on the corner of Fourth street and Brand boulevard for the sum of \$10,000 or more. After a brief discussion of the motion, Mr. Lane, of Lomita Park offered an amendment, giving the trustees 90 days time in which to sell, and fixing the minimum price at \$13,000. This resulted in a very general discussion in which a number of speakers took part, the debate becoming quite animated, but very much to the point. Messrs. Lane, McNutt, Chandler, Leavitt and others spoke in favor of the amendment, which was opposed by Messrs. Brand, Holman, Parker and others. The supporters of the \$10,000 minimum argued that the property is worth what it will bring, that the trustees had been endeavoring for two or three months to sell it and had been unable to do so, getting no offer above the figure named. They urged also the necessity of paying the contractor the amount due him and believed it was good policy to sell at once if possible rather than continue to pay taxes, interest, insurance and other expenses, with the uncertainty of being able to do any better in the end.

Mr. Lane and his supporters argued that no proper and sufficient effort had been made to sell the property and that it should bring more money. The amendment was carried by a standing vote with a good majority in its favor. Another amendment was also made to the motion authorizing the trustees to subdivide the property if in their judgment deemed best. The motion as amended was then adopted. Mr. L. C. Brand made a motion which was unanimously adopted that balance of indebtedness bear 7 per cent interest. The meeting then adjourned.

The meeting as stated above was held Monday evening last. On Tuesday a Los Angeles real estate firm telephoned to Mr. Goode that they had a buyer for the property. He immediately went to Los Angeles, met the party and after conferring by telephone with one or more of his fellow trustees, accepted a deposit of \$1500 and clinched the sale for \$13,000. The purchaser is Mr. D. L. Swain, who presumably buys the property as a speculation. It is stated that on the evening of the mass meeting there were purchasers present prepared to buy the property as soon as the \$10,000 limit was fixed. It is probable that had the resolution passed authorizing the trustees to accept that sum, a very lively auction sale would have resulted then and there.

During the meeting the clerk read a statement of the indebtedness of the district on account of new building, as follows:

Contract with Mr. Bliss	\$43,648; extras \$748. Total \$44,396.00
Balance of above unpaid	12,624.73
Extra hardware, unpaid	320.00
Mach. & Elec. Co. original contract \$5,992. Due	1,000.00
Cook Elec. Co. original contract \$1,214. Due	342.85
Architect's fee, \$2,482. Due	744.60
Electrical fixtures, unpaid	756.50
Total amount due	\$15,788.68
Less bal. in Bdg. Fund	1,941.88
Net amount due	\$13,847.00

REAL ESTATE AND BUILDING.

REPORT OF BUILDING INSPECTOR.

For the month of September, shows 30 permits issued, the improvements aggregating \$23,735.

Mr. Ernest H. Owens is building a \$1500 house on Tenth street east of Glendale avenue.

Dr. Rudy has started a residence on Lomita avenue west of Brand, to cost about \$2000.

W. S. May has the contract for a \$1500 house for Mr. Jarvis on Fifth street between Columbus and Central avenue.

C. W. Young is building on Ellis avenue, east of the city limits, a house to cost from \$1500 to \$2000.

R. H. Oliver, at 215 West Tenth street, is building an addition to his residence.

Contractor C. B. Franklin, who is an enthusiastic believer in Glendale, and its future growth and greatness, and who has a large number of buildings erected here to his credit, reports the following now in course of construction: Woolacott near Brand, for Mrs. Falkner; Pioneer near Central for Mr. Cross; Milford near Central for Mr. Hillier; Fourth near Columbus for Mr. Hillier; Fourth near Columbus for Mr. Furstenfeldt—all modern five-room bungalows.

Mr. A. Varney, who is operating in real estate on Verdugo Road and Third street, reports more inquiries for property than at any previous time. He has recently made the following sales:

One acre to Mrs. M. L. Tight, on the corner of Second street and Verdugo Road, to Mr. Alken of Los Angeles, who has also bought a piece 20 feet by 40 adjoining Mr. Mallett and will proceed at once to put improvements on the property.

A lot belonging to Mr. Remsburg on Belmont between Third and Fourth streets, sold to Mr. Shackford of Boston who will also improve at once.

Two lots in the G. B. Edwards tract on Third street, to Mr. W. R. Norton.

Tuesday Afternoon Club

The first regular meeting of the Tuesday Afternoon club for the year 1909-10 will be held this coming Tuesday, Oct. 12th, at 2:30 p. m., at the Guild hall, corner of Third and Jackson. A short social hour will be enjoyed first, and then the regular program as given in the year book will be carried out.

All members, old, new and honorary, are urged to be present. Start the new year right by attending the first meeting, carrying away with you the proper amount of enthusiasm and the resolve to attend each and every meeting, thus by your attendance and co-operation helping to make this the best and most prosperous year thus far of the Tuesday Afternoon Club.

The fountain committee have approved plans for the fountain they propose to erect, and to help defray the expense for the same, propose to give a series of dances. The first to be held Oct. 16th at I. O. O. F. hall, the second Oct. 30th at K. of P. hall, the third Nov. 13th at I. O. O. F. hall, and the fourth Nov. 27 at K. of P. hall. The programs will include some of the square dances, so everybody can be suited.

Public Meeting

A meeting of the qualified electors of Glendale Grammar School District will be held at the City Hall, 708 W. Fourth street, Glendale, on Monday evening next, at 8 o'clock, to consider the question of bonding the district for the purpose of acquiring additional land for the use of the Sixth street school.

Mr. Ernest Owen, of 306 Brand Blvd, Glendale, and 300 Central Bldg, Los Angeles, doing a general Real Estate, Insurance and Loan business, desires to announce that anyone patronizing him will receive his personal attention and courteous and business-like treatment.

SETTLED AT LAST

Will Not Build on Fourth Street—Definite Announcement from the Pacific Electric

It will be remembered that when the Pacific Electric Railway company came by night and took up its Fourth street branch from Brand boulevard to Glendale avenue, there was expectation on the part of many that before the legal limitations of its privileges expired the track would be replaced. There was a general understanding also that in the event of the period of three years elapsing without the track being replaced and service renewed, the franchise would lapse and the company be compelled to forfeit the sum of \$1500 to this city. The franchise was granted for a term of fifty years and it was thought that its value would be considered too much to be thrown away. This impression has prevailed very generally up to the present, although no one pretended to know anything about the policy of a company that is a law unto itself and in practice has shown that it is not to be judged by the ordinary standards that apply to individuals. All doubt as to the intention of the company has been set at rest by the receipt by Mr. E. D. Goode of a communication from the company's attorneys, from which we quote:

"It has been definitely decided by the Pacific Electric Railway company not to construct a railroad along Fourth street between Glendale avenue and Brand boulevard, for which a railroad franchise was granted by the board of trustees of the city of Glendale to the Los Angeles Interurban railway. Your proposition that the company assign the franchise to you cannot be entertained unless section 8 of the franchise ordinance in regard to transfers be repealed." The section alluded to requires the holder of the franchise to recognize transfers issued by any other railroad that may be operated within the city limits.

Mr. Goode desires the transfer of the franchise to him so that he may extend his Eagle Rock line down to a connection with the Pacific Electric company's line at Brand boulevard. A cross-town connection is certainly very desirable and the trustees may see fit to amend the ordinance eliminating the requirements as to transfers and allow its transference to Mr. Goode. As to requiring the Pacific Electric to put up the \$1500 forfeiture which it is said can be legally claimed, it becomes a question of expediency as to whether they should be compelled to do so. In the absence of any telepathic connection with Mr. Huntington's brain cells, we are unable to state what the plans of the Pacific Electric may be, but we believe that they have not reached the limits of their extension in Glendale. Eyes of expectancy are turned toward the old Salt Lake track on Glendale avenue in the firm belief that it will not be long before that road will be converted into an electric motor line. This will probably not be until some important changes occur by which connection will be made with the Pacific Electric or the Los Angeles Pacific lines.

DEATH OF BEAL S. ALLEN.

Beal S. Allen, 69 years of age, died at his late residence, 210 East First street, Friday morning of last week and was buried at Forest Lawn on Saturday. Mr. Allen has resided here seven or eight years, having moved to Glendale from Los Angeles where he resided a number of years previous. About 14 years ago he fell into a cellar way after night, receiving injuries which permanently crippled him and finally resulted in Bright's disease, which caused his death. He leaves a widow, Dr. Lottie Allen, and a son, George Allen. Funeral services were directed by Revs. Humphreys and Norton.

GLENDAL, CAL., OCTOBER 9, 1909

Mr. L. C. Brand, acting for the Mission Land company, has sold land near the San Fernando Mission to the Aqueduct commission for reservoir purposes, the price being \$17,000.

Last Sunday's Examiner contained over a column in reference to the storm water district which it asserted is to be organized in this section, also a description of the boulevard which is to align the banks of the Verdugo "Wash," the article making altogether very good reading even if it is only a version of what might be.

Gov. Gillette has certainly lost the suffrage vote should he ever run for office again, by his free expression of opposition to that alleged reform. It is to be hoped that the Pankhurst lady who is coming across to this country to tell her sister suffragettes how they do these things across the water, may be kept away from Sacramento till the governor cools off.

President Taft spent two days of this week in Yosemite valley. As he stood on the floor of that wonderful valley and looked up at the sky line over El Capitan, Glacier Point, the South Dome and numerous other points in the valley wall, he must have been impressed with the fact that even a president of the United States, though he weigh three hundred pounds, is a rather insignificant mite on the surface of this little globe.

Psychological fads, sociological absurdities, and occult monstrosities are often like the plants and animals which are kept in check in their native haunts, but, when carried across a continent or beyond the sea, like the watercress in New Zealand and the rabbits in Australia, become not only obnoxious, but dangerous. Some of the fantasies which in Boston attract little attention have on the Pacific coast taken full possession of communities. Coming as pilgrims to the sacred shrine of their religion many devotees are shocked and astonished to find that in its birthplace it is neglected and almost unknown.—Christian Register.

SALE OF THE HIGH SCHOOL PROPERTY.

By the sale of the property of the Union High School district at Fourth street and Brand boulevard, a somewhat uncomfortable situation has been relieved and a good deal of responsibility lifted from the shoulders of the trustees. The mass meeting held on Monday evening for the purpose of instructing the trustees in regard to the matter was followed by unexpectedly good results. The trustees will now be enabled to pay off nearly all of the indebtedness of the district and so avoid the necessity for calling another bond election. The remainder of the indebtedness will probably be carried over until next year and added in on the assessment against the district which is levied annually by the supervisors upon the recommendation of the trustees.

With simple ceremonies Palisades Park was dedicated to the public on September 27th, giving to the people of New York and New Jersey and to visitors from the world at large a narrow strip of land along the Hudson river comprising about 700 acres and including the beautiful and famous Palisades. The fight to secure this park for the people began 14 years ago, when private owners of quarries began to blast away the time-worn rocks for commercial purposes. An attempt was unsuccessfully made to get the general government to take over the property, and then the New York Federation of Women's Clubs took up the fight. The states of New York and New Jersey finally bought the property and Mr. J. Pierpont Morgan contributed \$125,000 of the amount required to make the beautiful cliffs of the Hudson the property of the people for all time to come.

PRESIDENT TAFT ON THE RIGHT TO LABOR.

President Taft in his speeches to the people as he "swings 'round the

circle," is not mincing matters when he expresses himself upon questions of vital importance. His remarks in Chicago, the hotbed of socialistic labor unionism, were very much to the point and must be followed by good results. After speaking of the good that there is in organizations of working men, he gave utterance to an indisputable truth which goes to the very vitals of the question.

"All advantages of trades unionism, great as they are, cannot weigh a feather in the scale against the right of any man seeking employment to work for whom and at what price he will."

It is easy to imagine that the militant leaders of trades unionism in Chicago were not pleased with the president for uttering this sentiment. Their actions in the troublesome times which Chicago has so often known during its frequent experiences with strikes, have proved that their own idea of the matter is that no man has a right to "life, liberty, or the pursuit of happiness" unless he wears the union label. President Taft is not the first man high in authority who has entertained this belief, but they are generally so fearful for their popularity that they dare not put their thoughts in regard to the matter into words. The times are improving in this respect, however, and the expression of honest opinion is becoming more common to men in public life than it once was. Which goes to show that the world is becoming better and that truth is coming to its own.

A SAMPLE JUNKETING TRIP.

That junketing trip which the last legislature provided for, by which certain state officials should get paid for going to Seattle for the purpose of showing at the Alaska-Yukon exposition the kind of men we elect to office here (presumably) promises to provide trouble long drawn out for those participating. The committee was to comprise the lieutenant governor and the chairman of the finance committee in the senate and the speaker and the chairman of the ways and means committee in the assembly, with possibly two or three others.

The sum appropriated for this exhibit was \$5000 and the resolutions authorizing this expenditure stated that it was for the purpose of "officially representing California in the exercises incidental to the opening of the exhibition."

But it did not suit the convenience of Statesmen Stanton, Transue, Willis and the others to go at that time, so they postponed the trip from June to September. And now comes some cranky taxpayer who threatens to bring suit against the junketers for spending that \$5000 in September instead of June! There is some talk about making them "disgorge" even, but that, of course, is unthinkable to those of us who have the proper respect for the ones who sit in the seats of the mighty. No, they will not disgorge, let us be thankful for their moderation if at the next session of the legislature they do not make a raid on the contingent fund for expenditures in excess of the appropriation. Stanton, by the way, is spoken of as a candidate for governor at the next election—he may hear from this junketing trip again.

GAS AGAIN!

Mr. Edgar Leavitt in a communication published elsewhere in this paper recommends that a campaign for a municipal gas plant in Glendale be started at once. The conditions existing certainly warrant something being done to secure this much needed commodity. The community consisting of Glendale, Tropic and surrounding territory constitutes a field that is acknowledged by those who have looked over it with the idea of going into the business of supplying gas, as one of the most promising in this section of the state. A canvass of the territory made resulted in securing the names of about 800 heads of families who agreed to take the produce of a gas company as soon as supplied. Certainly this is encouragement enough, other conditions being favorable, to warrant any individual or association of individuals with the requisite capital going ahead at once. Other conditions have complicated the situation, however, resulting in a delay which leaves us behind in the procession of growing communities that are moving forward in harmony with the swift spirit of the age.

The Domestic Gas company of Los Angeles, after a company of private individuals had decided to build a gas plant here, having the encouragement of the results of the canvass above alluded to, "batted in" with its purely dog-in-the-manger policy and a definite promise to do something which they apparently had no intention of doing, and, temporarily at least, put a stop to proceedings. There are features of municipal ownership which compel us to be conservative about endorsing such a proposition at this time; we much prefer to see a private company take hold of the business of supplying gas to this community if it be done without much further delay, but gas we must have and if obtainable in no

other way we will favor its being manufactured and furnished by the city. The action of the Domestic Gas company has showed very clearly that it cannot be relied upon and our people should certainly show that concern no unnecessary favors in the future. We hope to see such a combination of capitalists formed unconnected with the large gas concerns of Los Angeles, as will proceed at once to undertake the work of supplying gas to this community and if the stock in such a company should be taken to a considerable extent by our local people, it would be a guarantee to both manufacturer and consumer of good faith and satisfactory results. Should some such proposition not materialize in a reasonable time, we shall join the ranks of the advocates of municipal ownership.

Correspondence

Municipal Gas Plant.

Glendale, Cal., Oct. 5th, 1909.

Editor the NEWS:

I am sure every patriotic citizen of Glendale must have read your account of how the pretended gas companies have been "making monkeys" of us, raising our hopes only to disappoint them, and to keep rivals from coming in and so holding back the development of the brightest, fairest and best little city in all Southern California.

And I should hope that such treatment has had the effect to incline our people at least towards a respectful consideration of the question of a municipal gas plant.

To set the ball rolling I beg leave to make a motion that our city council appoint a commission to inquire into the feasibility, practicability and advisability of procuring a municipal gas plant of sufficient capacity to supply gas at a reasonable rate for lighting, heating and cooking purposes to all the inhabitants of Glendale who may wish such a convenience, work out the best plan they can and submit it to our people for their consideration. Who seconds my motion? It is carried. To do so much costs nothing, and out of the consideration may evolve something of great value to our city.

I do not believe the city should promise to furnish either gas, electricity or any other public service at bare cost, or at a price that will barely pay expenses, supply the sinking fund and provide for extensions, but the city should furnish such service as cheap at least as any private individual or corporation, although for the first few years this may be all that it can do. But no private individual or corporation can afford to do business without profit, and it is a question whether a municipality should or should not—that has two sides to consider, and there is something to be said on both sides. If a city can make a profit, advantage that profit ought to go towards reducing taxation, or for providing other improvements.

I know how people groan over taxation, but it seems to me the great question is not so much the question of raising money as that of wisely spending. A man may spend little and waste even that; he may spend money like water and yet with economy and to great advantage. I hope a commission of inquiry such as I have suggested will meet with general approval and that our city council will consider the suggestion worth acting upon. EDGAR LEAVITT.

PORTOLA KING TO ENTER IN STATE.

Escorted by Dragoons Will Ride at Head of International Troops—Will Review Great Armada and Receive Golden Keys of City.

A triumphal entry into San Francisco will be made by Don Gaspar de Portola on October 19, when the stalwart old Spanish warrior will return to that city after an absence of 140 years. The booming of guns from all the foreign battleships in port for the purpose, will announce his entrance and at the same time give greetings to California's first governor.

There will Don Gaspar proceed from the Ferry through the thronged city thoroughfares, riding boldly and picturesquely at the head of thousands of the best drilled and most perfectly trained troops in the world today. A full company of dragoons, recruited from the handsomest and sturdiest men in San Francisco will serve as the escort of the royal Don. Mounted upon spirited chargers, adorned with helmets and cuirasses, this bodyguard will furnish one of the most picturesque and characteristic bits of life and color in the entire pageant.

Following the Spanish Dragoons will march a vast procession of infantry, artillery, cavalry, sailors from the various war vessels and uniformed teams from fraternal orders which will extend through the streets for miles.

Squads of Chinese and Japanese fighting men from their battleships, detachments from the Dutch and Italian cruisers, and jacksies from the English and German warships in the harbor will march along, side by side, and our own soldiers and sailors will follow the dragoons, marching to the inspiring strains of huge regimental and naval bands.

Passing up the streets, whose tall, stately buildings are to be a marvel of color, and viewed by thousands and thousands of excited eyes, the king and his command will proceed to Marshall Square, where the Mayor will meet the noble Spaniard and after a formal greeting will present him with the golden key of the city gates. The key in his possession, the king will then go to meet his beautiful queen. This event will be one of the most striking and impressive of the day. Behold the doughty warrior, clad in his leather buskin and top boots, with clanking sword and waving plumes, riding forth to meet his fair consort, Queen Virgilla, also mounted on a fiery steed of purest white and wearing the velvet riding habit of the eighteenth century Spanish court.

Behind them and closely attentive to their every movement will be the sixty dashing dragoons, giving a piquant flash of color to the already brilliant scene. Their gorgeous uniforms will be patterned after those of the original Spanish soldiers of Don Gaspar de Portola. Coats of red and yellow, with large puffed sleeves; red trousers with yellow stripes and set off by high yellow leggings, will be the distinctive features of their dress. Helmets and cuirasses will be worn and the old-time ruche worn about the throat, will complete this unique and artistic uniform.

After leaving the square, the royal couple will ride on to the St. Francis for luncheon, after which they will again mount their fiery steeds and proceed towards the bay, where, in their honor, the great international fleet will pass in review, dipping their colors and saluting with their big guns as they pass before the royal pair.

That evening there will be an elaborate reception at the St. Francis, when the king and queen will receive all the notables—the Spanish minister, foreign powers and naval officers from the foreign battleships.

THOLEN-SHEPARD.

At the home of the bride's parents, Mr. and Mrs. A. B. Shepard, Fort Madison, Iowa, Wednesday, September 15, at six p. m., Dr. Emil T. Tholen and Miss Mary Shepard, Rev. F. A. Gageby of the Presbyterian church officiating.

The bride was attended by Miss Barstow of Providence, R. I., as maid of honor, and Mr. John Tholen, brother of the groom, acted best man.

The bride wore an ivory white satin gown en train, trimmed with yoke, bertha and panel of duchess and rose point lace. She carried lilies of the valley with coronet of the same, her only ornament being a diamond brooch, the gift of the groom.

The maid of honor wore a dress of white embroidered batiste, trimmed with Valenciennes lace over light green mousseline, relieved by broad panel of flowered Dresden ribbon. She carried maiden hair fern.

The bridal party entered to the strains of Lohengrin's wedding march played by Miss Elfrida Schopp, violin; Miss Lottie Ehart, cello, with Miss Martin at the piano. The house was tastefully decorated with ferns and large bunches of white bride's roses.

The bride attended the Fort Madison high school after which she attended the Washington seminary in Washington, D. C. Dr. Tholen is a graduate of Rush Medical college, Chicago, and a practicing physician in Tropic. They left the same night on a short trip to Wisconsin and Michigan. They will return to Fort Madison for a short stay and from here go to Tropic, a suburb of Los Angeles, where they will make their home.

BACK FROM NEBRASKA.

Mr. and Mrs. W. L. Henderson returned Sunday last from a four months' visit to their old home in Nebraska. Mr. Henderson during his absence going as far East as Peoria, Ill. They bring the usual reports of hot weather experienced and of the prosperous condition of the farmers throughout the section visited. Crops are generally good, although the corn crop was cut down about 25 per cent. by a dry spell of weather in August. Quite a considerable movement of farmers from the middle west was observed, bound for Manitoba and other points in British possessions. Farm lands in Nebraska have appreciated in value as much as three hundred per cent during the past ten years, good farms in the section of Nebraska visited now bringing \$150 per acre.

SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON

By Rev. Dr. Linscott for the International Newspaper Bible Study Club.

October 10th, 1909.

(Copyright, 1909, by Rev. T. S. Linscott, D.D.)
Paul a Prisoner—The Plot. Acts xxii:30 to xxiii:35.

Golden Text—I will say of the Lord He is my refuge and my fortress; my God, in Him will I trust. Ps. xci:2.

Verse 30—Which showed the fairer spirit toward Paul, the Roman chief Captain or the Jews?

If you had so be tried on a question of religious doctrines, basing your decision on a story, which court would you select, a committee of secular judges, or a committee of professional priests?

Verses 1-2—What was it, in Paul's opening statement, which caused the high priest to have him slapped on the mouth?

When Christians these days profess to live all the time well pleasing to God, is it a popular testimony with average Christian people?

Why did the high priest object to Paul's profession of having "lived in all good conscience before God?"

Is it possible and is it the duty of every Christian to live all the time, "with a good conscience before God?"

Verses 3-5—When either pope, bishop, priest or pastor, acts like a demagogue, why should he not receive the treatment due a demagogue?

Should the fact that a bad man is on the bench, or at the bar, or in the pulpit, secure for him the respect of good men, for the sake of the office, or of "the cloth?"

Verses 6-10—When Paul saw the spirit of this Jewish Council, did he probably change the style of his address, and if so, why did he do so?

When a jury is packed, or prejudiced against the prisoner and there is no hope for acquittal, what is the next best thing for the prisoner to aim for?

Paul's defence was clearly the truth, but was it the whole truth?

Is it always wise or right to tell the whole truth?

What was Paul's real crime, from the standpoint of this Jewish Council?

What was the difference between the belief of the Pharisees and the Sadducees, as to immortality?

What good reason is there for the belief that the soul will live after death?

What did Paul's tactics result in, besides dividing the enemy?

Is it always or sometimes true that, "when rogues fall out honest men get their dues," and how did it work in this case?

Verse 11—Does God generally time His visits to us when we need Him most?

In what guise or shape did the Lord appear to Paul, and how did He speak to him?

There is no way to take the miraculous out of the New Testament without destroying it; now in view of that fact, why did not God rescue Paul, in this instance, as He did from the prison at Philippi?

Can you trace any rule by which God was governed in performing New Testament miracles?

Verses 12-15—What was the plot which was formed to bring about Paul's death?

Is it possible that these forty men, with such a murderous intent, could think they were doing God's service?

Verses 16-24—How was this murderous plot frustrated?

How can you trace God's hand in this natural deliverance, as clearly as if it had been done miraculously? (This question must be answered in writing by members of the club.)

Verses 25-30—What fault can you find, or what can you commend, in the actions of this Claudius Lysias from start to finish?

Verses 31-35—Was Paul just as much under the loving care of God, and were his best interests being served as if he had been at liberty?

Lesson for Sunday, Oct. 17, 1909. Paul a prisoner—Before Felix. Acts xxiv.

REPORT OF THE CALIFORNIA PROMOTION COMMITTEE.

Business conditions throughout California are constantly improving, being evidenced during the month of September by the increased bank clearings of all the cities having clearing houses. Reports received by the California Promotion committee indicate that an era of prosperity has come that is felt all over the state.

There is a notable improvement of conditions throughout the state, owing to a large influx of buyers of small farms. Substantial and flattering growth is in evidence in the cities of the state.

The grape harvest is in full swing, with heavy crops in all the wine districts. Harvest of deciduous fruits is drawing to a close, and has fully borne out predictions. It is the largest crop ever harvested in California. Prices have been good in all lines, owing to shortage throughout the East and South, with consequently increased demand.

Initial steps have been taken by the people of San Diego to celebrate the opening of the Panama Canal by an international exposition.

Arrangements are being completed for the great Portola Festival in San Francisco October 19-23. Demand for California municipal and industrial securities has increased, and in addition to this large amount of capital are offering for the development of land propositions.

TROPICO

The new home of George Friedgen on Home Circle is nearing completion.

Mrs. J. J. Edelman has returned from a pleasant visit with friends at El Monte.

Mrs. Helen G. Teed of Los Angeles, was the week-end guest of Mrs. David H. Imber.

Mr. and Mrs. Smoot of Los Angeles spent several days this week with their daughter, Mrs. Fred Watts of Parke avenue.

J. W. Parker's pretty little bungalow on Blanche avenue was completed this week and will be occupied within a few days.

Mr. and Mrs. William R. Light of Tropic avenue left Monday by steamer for San Francisco, where they will visit several weeks.

John Hobbs and J. Arthur Logan have returned from Catalina where they enjoyed the pilgrimage of the Shriners to that mecca.

George Roper of Central avenue, left Wednesday morning for San Francisco, where he goes on a business trip. He will be gone several weeks.

Miss Lucia Bettanier of Pasadena, a former resident of Tropic, visited Miss Freda Borthick and Miss Ruby Borthick the first of the week.

Mrs. Edward Ayers and daughter, Miss Evalena Ayers, the latter a popular vocalist of Tropic, left for a ten days' visit at San Francisco, Thursday.

John T. Kirkham of Central avenue, who left recently for Leavenworth, Kas., to superintend his extensive farming interests in Kansas, will be absent several months.

Mrs. Edward Barker and son, Harry Barker, in company with Miss Mayme Schoenholtz of Los Angeles, were the week-end guests of their uncle, George Friedgen of Parke avenue.

Mr. and Mrs. Hal Davenport entertained Mrs. Davenport's parents, Mr. and Mrs. G. N. Lunn of Irwindale, during the early part of the week at their home on Glendale avenue.

Last Monday evening Dr. and Mrs. Conrad attended a lecture on the evacuation of fossils from La Brea beach, which was given by Prof. J. Z. Gilbert at the Symphony auditorium.

Mrs. Charles McWhorter of Los Angeles, who has been spending several days with Mrs. W. W. McWhorter of the San Fernando road, returned to her home Wednesday afternoon.

Miss Laura Jackson, who for some time has been staying at Monrovia for her health, came to Tropic this week and is staying with Mrs. Jesse Cady on Glendale avenue for some time.

Misses Lucille Pittman, of North Glendale, Lucy Bettanier of Pasadena and Evalena Ayers were entertained by Miss Blanche Davenport at her home on Glendale avenue early this week.

Mr. and Mrs. J. R. Raymond of Hollywood, Cal., and Miss Harriet Webster of Los Angeles, were the guests of Mr. and Mrs. Daniel Webster and Mr. and Mrs. Joseph H. Webster of "Ivy Nook" over Sunday.

Mr. and Mrs. Noah Thrasher and Mrs. Chester Thrasher, who for several months have been living at this place, left early in the week for San Bernardino, where they will remain permanently.

M. M. Eshelman and family will take possession of their new home on Blanche avenue in the Davenport tract early next week. The home was completed this week and is a pretty modern bungalow.

The Ladies' Aid of the Presbyterian church held a meeting in the church parlors, Wednesday afternoon. Next week this society will hold an all-day meeting at the home of Mrs. A. O. Conrad on Glendale avenue.

Last Saturday evening Dr. and Mrs. A. O. Conrad, Mr. and Mrs. Frank Baleyne, Mrs. John Parker and Mr. and Mrs. Hal Davenport witnessed a production of Lady Fredrick at the Burbank theater in Los Angeles.

Mr. and Mrs. Burt W. Richardson, Mrs. A. L. Bancroft, Mr. and Mrs. Lee Bancroft and Mr. Roy Bancroft were the guests Sunday last at a dinner given by Mr. and Mrs. John Metcalf at their home on Verbena avenue, Los Angeles.

Mrs. Stratton, mother of Mrs. Elmer Lawyer of Parke avenue, is very ill at her daughter's home on Parke avenue. A consultation of physicians was held early this week and there is not a great deal of hope offered for the lady's recovery.

Mrs. A. B. Scofield, who went to the Clara Barton hospital in Los Angeles, late last week to undergo an operation, is reported as improving slowly and it is believed that in several weeks she will be able to return to her home on Glendale avenue.

Joseph Marple, Jr., returned last Monday evening from a stay of a week at Long Beach. Miss Fannie Marple went to the beach Monday morning and in the evening they at-

tended together a skating party in the Long Beach rink.

The Woman's Foreign Missionary Society of the Methodist church will hold their usual monthly meeting next Tuesday afternoon in the church parlors at 2:30. This will be a very important meeting and a full attendance will be expected. Election of officers for the ensuing year will be held at this time.

Several residents along Central avenue have been trimming the pepper trees in front of the property this week. The work was not done before it was needed for the branches had grown very annoying to passers-by. It is hoped that the other residents along this thoroughfare will soon follow their neighbors' example and that the trimming may be general.

Joseph Webster has grubbed up all the olive trees around his place at the corner of Parke and Central avenues, with the intention of putting down a cement sidewalk in the near future. Curbing also will be laid and the property will be beautified with a number of pretty palms. This work is being done preparatory to the erection of a beautiful home on the large corner lot by Mr. Webster.

Rev. J. H. Henry relinquished the pastorate of the Methodist church last Sunday to Rev. C. W. Botkin, and during this week has been moving out of the parsonage on Central avenue and Palmer. He and his family have taken possession of the old Hobbs home on the knoll just north of the Oak Knoll tract. It is understood that they will remain in the house until their new home, which will soon be started in the Oak Knoll tract, is completed.

M. M. Connolly, formerly a resident of this place, but now residing with his family at Humboldt, Arizona, is improving rapidly from a recent injury which he received while working for the electrical company at that place. He was connecting wires at the top of a thirty foot pole when he fell. He was picked up unconscious and taken to the hospital where, after some time, he regained consciousness. From that time he had been gradually improving.

TROPICO PRESBYTERIAN NOTES.

The services last Sunday were well attended. Rev. Frye of Los Angeles gave an excellent discourse at the morning hour. The Sunday school attendance is almost double that of this time last year.

Next Sunday will be rally day in our church, and we expect a good attendance and an excellent showing by all departments, especially the Sunday school and Christian Endeavor.

A reception in honor of the new members which have been taken into the church since the arrival of Rev. Shoemaker, was held in the G. A. R. hall last night. Since the coming here of the present pastor twenty-one people have been taken into the church and this reception is being held chiefly to get these people acquainted with the other members of the church and the people of Tropic in general.

At the morning service next Sunday the pastor will use as a text the following little couplet: "What kind of a church would our church be if all the members were just like me?" In the evening the subject will be "Jonah and the Whale." Every succeeding Sunday our music is growing better. Judging from the music on previous occasions, the special music next Sunday will be excellent.

METHODIST CHURCH NOTES.

Rev. C. W. Botkin, who comes to this church from Colorado, preached his first sermon in Tropic last Sunday morning and was well received. Not for months has the attendance been as large as it was on this occasion and the discourse delivered by the new pastor, who is to serve this people for the coming year, was delivered in a masterly manner. Mr. Botkin at the very outset showed that he is a friend of the children, working especially among the boys and young men, and it is generally believed that he will do much good during his stay here. Upon the vacating of the parsonage this week by Rev. J. H. Henry, Rev. and Mrs. Botkin moved in and are now ready to receive any and all friends.

The Ladies' Aid society of this church met in the church parlors Tuesday afternoon. This was the first meeting of the conference year and the yearly report was given. At this meeting it was decided to purchase a number of new rugs for the parsonage and the following committee was appointed to do the purchasing: Mesdames Giddings, Hodgson and Cole. The ladies will soon purchase for the society a sewing machine.

TROPICO THURSDAY AFTERNOON CLUB.

Held its first meeting of the season at the home of Mrs. Bullis on Central avenue, which proved to be a very enjoyable affair. On account of having so much business on hand, the usual program was omitted. It was decided at this session that a stipulated amount shall be turned over each year by the club as a whole for the purpose of buying stock in the Club House Building Association, which will not interfere in any way with individuals purchasing whenever they find it possible. It is to the club's interest to own the controlling number of shares and this will be the chief aim in their work for the ensuing year. And with the renewed interest and enthusiasm shown by different members this will surely be accomplished.

NOTICE OF AWARD OF CONTRACT.

Pursuant to Statute and to the Resolution of Award of the Board of Trustees of the City of Glendale, California, adopted the 6th day of October, 1909, directing this notice, notice is hereby given that the said Board of Trustees, in open session, on the 29th day of September, 1909, opened, examined and publicly declared all sealed proposals offered for the following work, to-wit:

First: That that portion of said street from the Western line of Glendale Avenue to the Eastern curb line of Central Avenue, including all intersections of streets (excepting such portion of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon and also excepting such intersections as have heretofore been graded and oiled, namely, Louise street and Brand Boulevard) be graded and oiled and tamped in accordance with the plans and profiles on file in the office of the City Engineer and Special Specifications for grading, oiling and tamping of said portion of Sixth street on file in the office of the City Clerk of the City of Glendale, which said Specifications were duly adopted for said work by Resolution No. 273 of the Board of Trustees of the City of Glendale.

Second. That a cement curb be constructed along the lines of the roadway of said Sixth street from the Western line of Glendale Avenue to the Eastern curb line of Central Avenue (excepting along such portions of the lines of said roadway upon which a cement curb has already been constructed on the official line and grade) in accordance with the Specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said Specifications being numbered 2.

That the Board of Trustees of the City of Glendale finds upon estimates directed to be furnished and furnished by the City Engineer, that the total cost of said improvements will be greater than fifty cents per front foot along each side of said street, including the cost of intersections, and it is hereby determined in pursuance of an Act of the Legislature of the State of California, approved February 27, 1893, as amended by an Act of the Legislature of the State of California, amending said last named Act, which amending Act became a law March 2, 1899, that bonds shall be issued to represent the cost of said improvements; said bonds shall be serial, extending over a period of ten years and an even proportion of the principal sum of such bonds shall be payable annually by coupon, on the second day of January of each year after their date, until the whole are paid and said bonds shall bear interest at the rate of seven (7) per cent. per annum on all sums unpaid; payable semi-annually by coupon, on the second days of January and July of each year.

And thereafter, to-wit: On the 6th day of October, 1909, awarded the contract for said work to the lowest regular, responsible bidder, to-wit: To Geo. B. Mock, at the prices named for said work in his proposal on file for said work, to-wit: Grading per linear foot, 60 cents. Oiling and tamping per square foot, 3 1/2 cents. Curb per linear foot, 25 cents. And that said award has been approved by the President of the Board of Trustees of said City of Glendale, Clerk's office, City of Glendale, Cal., October 7th, 1909.

G. B. WOODBERRY, City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Glendale, Cal.

NOTICE OF CHANGE OF GRADE

Notice is hereby given, that the Board of Trustees of the City of Glendale, on the 25th day of September, 1909, did, at its meeting on said day, pass an Ordinance, designated as Ordinance No. 102, declaring the intention of the Board of Trustees to change and establish the grade of

FOURTH STREET

from the East side of Adams street to the Western side of Verdugo Road. Section 1. That it is the intention of the Board of Trustees of the City of Glendale to change and establish the grade of Fourth street from the East line of Adams Street to the Western line of Verdugo Road in accordance with the following elevations:

At the intersection of Fourth Street with the East line of Adams Street the grade shall be 577.5 at the Northeast corner; and 576.5 at the Southeast corner.

At a point on the North side of Fourth Street 632.48 feet East of the East line of Adams Street the grade shall be 578.45.

At a point on the North side of said street 162.15 feet Southeastly from the last named point the grade shall be 578.69.

At a point on the North side of said street 970 feet West of the Western side of Verdugo Road the grade shall be 579.00.

At a point on the South side of Fourth Street, 632.48 feet East of the East side of Adams Street the grade shall be 577.7.

At a point on the South side of said street 134.00 feet Southeastly from the last named point the grade shall be 577.95.

At a point on the South side of said street 983.15 feet West of the Western side of Verdugo Road the grade shall be 578.4.

At the intersection of Fourth Street with the Western side of Verdugo Road the grade shall be 592.40 at the Northwest corner; and 591.80 at the Southwest corner.

That between the above designated points the grades shall conform to straight lines joining said points on the same side of the street excepting that the points of intersection of said grade lines respectively 970 feet and 983.15 feet West of the Western side of Verdugo Road shall be the points of intersection of the tangents of vertical curves extending 100 feet East-erly and West-erly therefrom.

The grades given are in feet above the City Datum Plane and are on the property lines of the street.

Sec. 2. That the proceedings for the aforesaid change of grade shall be under the provisions of the act of the Legislature of the State of California, designated and known as the "Change of Grade Act of 1909," approved April 21st, 1909 Ordinance No. 102, approved August 25, 1909, is hereby repealed.

Reference is hereby made to said Ordinance No. 103 for further particulars.
